RE: 2004 Assessment Roll Report and Board of Review Minutes

I am pleased to present to you the 2004 Assessment Roll Report for the City of Troy. This roll is the product of a full year's effort by the entire Assessing Department staff. Without their assistance and concerted aid, this roll would surely suffer in accuracy and completeness. We are most appreciative of the efforts they expend every year in the service of the community.

The 2004 Assessment Roll is summarized as follows:

| Total Assessed Value | Total Taxable Value | Residential Taxable Value | Commercial Taxable Value | Industrial Taxable Value | Personal Taxable Value |
|-------------------------------------|------------------------------------|--|---|---|---------------------------------------|
| 6,337,222,973 | 5,094,758,223 | 2,738,916,540 | 1,329,545,890 | 490,202,370 | 536,093,423 |

The Assessed Value increase for 2004 is \$ 149,138,717, or a 2.41% increase over 2003. This is the 16th highest dollar value increase in the City's history, and it ranks 49th as percentage increases. The Taxable Value increase is \$116,494,786, an increase of 2.34%. This is the 21st highest dollar value increase in the history of the City (Taxable or Assessed), yet it ranks only 49th as a total percentage increase in the roll.

The following chart represents a 5-year history of Assessed and Taxable Values:

| Year | Assessed Value | Increase | % | Taxable Value | Increase | % |
|-------------|---------------------------|-----------------|----------|--------------------------|-----------------|----------|
| 2004 | 6,337,222,973 | 149,138,717 | 2.41 | 5,094,758,223 | 116,494,786 | 2.34 |
| 2003 | 6,188,084,256 | 232,386,858 | 3.90 | 4,978,263,437 | 116,622,789 | 2.40 |
| 2002 | 5,955,697,398 | 303,133,456 | 5.36 | 4,861,640,648 | 175,389,706 | 3.74 |
| 2001 | 5,652,563,942 | 433,966,642 | 8.32 | 4,686,252,942 | 313,178,862 | 7.16 |
| 2000 | 5,218,597,300 | 521,671,117 | 11.11 | 4,373,072,080 | 189,511,627 | 4.53 |

The Consumer Price Index in Michigan for 2004 Taxable Values was set at 2.30%. Our total Taxable Value has increased above this number. This increase is due to new construction (which is exempt from the capping effects of Proposal “A”). Also affecting Taxable Value is a change in ownership of property within the City. Ownership transfers uncap the Taxable Value to the current level of Assessment.

It is important to take notice of the difference in Assessed and Taxable Values. Since the passage of Proposal “A”, the ratio of Taxable Value to Market Value has been dropping steadily. The statute providing the limitation on the increase in Taxable Value to inflation (or 5%, whichever is less), plus new construction, is dramatically eroding the tax base of the City.

Additionally, this year the chart has been expanded to show the ratio of Taxable Value to Market Value, minus Personal Property. Historically, Personal Property has the same assessed and taxable value. Therefore, in order to achieve a more accurate reflection of the erosion of the tax base, the Personal Property totals need to be removed.

As can be seen in the following chart, the 2004 Taxable Value including Personal Property, is at 40.20% of Market Value. In 2003 this percentage was at 40.22% of Market Value.

By removing the Personal Property totals from the calculation, the truer percentage of Taxable Value to Market Value is 39.34% for 2003, as compared with 39.21% for 2003.

The following chart details the ratio of Taxable Value to Market Value (2 times the Assessed Value) with and without personal Property, since the passage of Proposal “A”.

| Ratio of Taxable Value to Market Value since 1994 | | | | | |
|---|----------------|---------------|-------|-------------------|----------------------|

The Personal Property Roll for 2004 is \$ 536,093,423, a decrease of \$48,143,273, or 8.24%. This represents the 8th highest dollar value Personal Property Roll in the history of the City of Troy.

As a dollar value decrease, it is the largest decrease in value since 1976 (when inventory was made exempt, and only \$2.9 million less than the inventory loss).

A decreasing Personal Property Roll is beginning to trend as an ongoing phenomenon. Four of the last five years have shown a decrease in the Personal Property totals for the City of Troy.

This decrease is a result of two separate factors.

The first contributing factor is the new Multiplier Tables adopted by the State of Michigan in 2000. These tables depreciate Personal Property at a vastly accelerated rate from previous tables. This trend will continue to erode the tax base of the City for many years to come. The Personal Property Roll actually had a \$86,814,985 increase in value due to new purchases and new companies in the City. However, this was offset by an \$128,204,928 loss in value from the changes in depreciation schedules, and vacancies in the commercial and industrial market.

The following chart illustrates the 5-year Personal Property Roll history.

| 5 Year Personal Property History | | | |
|----------------------------------|------------------------|--------------|--------|
| Year | Assessed/Taxable Value | Change | % +,- |
| 2004 | 536,093,423 | (48,143,273) | (8.24) |

The Industrial Facilities Tax Abatement Roll shows an increase of \$3,949,450, or 13.43%. This is mainly due to the Behr, America abatement coming on-line for 2004.

There are normal fluctuations expected in an IFT roll due to depreciation, new equipment purchases, and the expiration of abatements.

The chart below reflects a 5 year history of the tax abatement roll.

| 5 Year Industrial Facilities Tax Abatement History | | | |
|---|-------------------------------|---------------|--------------|

The total 2004 Downtown Development Authority Roll is at \$656,443,260, a 4.53% decrease from the 2003 Roll. Real Property is down 0.051% or \$2,674,700. The Personal Property portion has decreased 17.50% or \$28,492,480, a reflection of the Personal Property Roll decrease explained previously. Additionally, the DDA is home to the bulk of the computer equipment (fastest depreciation) and the majority of the office vacancy that the market is experiencing.

Subsequently, the captured amount of the DDA is now at \$227,164,730, a 12.06% decrease from 2003. In dollars, the captured portion of the DDA has decreased \$31,167,180.

The following chart details the history of the DDA since its inception.

The Brownfield Redevelopment Authority Roll has had another large increase this year. The retail development is complete. There are now 285 new condominiums on the roll, in various stages of completion. The base value for the roll is \$5,421,830 (2000). The total value of the roll for 2004 is \$48,623,370, which equates to a captured Taxable Value of \$43,201,540. The 2003 captured value was \$30,778,540, which equals an increase of \$12,423,000 in captured Taxable Value in one year.

The following chart illustrates the brief history of the Brownfield Redevelopment Authority.

This is the first active year for the new Smart Zone (SZ) in Troy. This is the development occurring at the old Troy Airport site. There is still some large development to be completed at the site, and the attendant Personal Property to go with the new companies that move in.

The initial base value for the area is \$14,447,380. The 2004 Taxable Value is \$19,867,910, which equates to a captured Taxable Value of \$5,420,530. The real property component is \$15,089,770, and the personal property component is \$4,778,910.

| SmartZone First Year Totals | | | | | |
|-----------------------------|------------|------------|-----------|-----------|--------------|
| Year | TOTAL SZ | Real | Personal | Capture | Capture %+,- |
| 2004 | 19,867,910 | 15,089,770 | 4,778,140 | 5,420,530 | |

For the 2004 Assessment Year there are 23,043 residential improved parcels in the City of Troy (excluding condominiums). They have an average Assessed Value of \$141,171, and an average Market Value of \$282,341. The average Taxable Value for these parcels is \$111,150.

There are currently 2,021 condominium units in the City of Troy. They have an average Assessed Value of \$95,096 and an average Market Value of \$190,192. The average Taxable Value of these parcels is \$78,586.

Combining Condominiums and Residential property yields a total improved Residential parcel count of 25,064. The average Residential Assessed Value is then \$137,455, with an average Market Value of \$274,9118 and an average Residential Taxable Value of \$108,452 for 2004.

There were 1,070 residential sales in the 2003 calendar year. The total sales price for these parcels was \$313,499,423, for an average selling price of \$292,990. The lowest recorded residential sale was \$65,000 and the highest recorded residential sale was \$1,045,000.

There were also 247 sales of condominiums in 2003. They had a total selling price of \$60,057,056, for an average sale price of \$243,146. The lowest recorded condominium sale was \$117,500 and the highest recorded condominium sale was \$760,000.

All of these sales generate a recorded deed, and the vast majority of them lead to the filing of a Property Transfer Affidavit that is processed by this department. In addition, we handle approximately 2,600 Homestead Affidavits annually.

There are currently 1,919 Commercial or Industrial zoned parcels in the City of Troy. These parcels encompass 5,621 businesses that file Personal Property returns in the City. The Personal Property returns are mailed to the businesses at the end of the calendar year. The filing deadline is February 20th, of any given year. All of these returns are processed before the last scheduled session of the Board of Review.

Additionally, I have added a Summary Sheet of the Assessment Roll for 2004. Much of the information in this report is summarized in this "Quick Facts" sheet. It also contains the Top 10 Taxpayers in the City for 2004, as well as a summary of the Commercial and Industrial uses, and square footage for 2004.

Finally, the minutes of the Board of Review close out this report. I hope you will appreciate, as I do, the valuable work performed by the staff of the Assessing Department, on behalf of the citizens of the City of Troy. We look forward to serving them in the future and we thank you for the opportunity to assist you in serving the citizens of the City.

I am available to answer any questions you may have.

491 TROYWOOD
TROY MI 48083-5142

Minutes:

Mr. Tim Fisher arrived with Brian Carrolyn (sp?), his real estate agent. He told the Board that last year his Assessed and Taxable Values were lowered to 1/2 of his purchase price of \$50,000. Nino Licari, the City Assessor, noted that the reduction was in error, as the sale was not arm's length, the purchase was made by a Sheriff's Deed. The property is now being rented by the previous owner. The Board decided that the house contributed no value to the property, and set the land market value at \$51,160. This changed the Assessed Value to \$25,580, and the Taxable Value to \$25,580.

He also questions the measurement done on his home by the city's appraiser. The Board voted to reduce his Assessed Value and an Appraiser will remeasure his home. It was determined by the remeasurement that the home is actually larger than the City's records show. Additionally, the home has air conditioning that is not on the records. ROBERT & JILL RUSS
2751 SANTIA
TROY MI 48085

Minutes:

Ms. Russ appeared before the Board and indicated that there have only been two homes sold in the past two years in her area, and felt her assessed value was not in line with what she could sell her home for. A comparison to her neighbor's home at 2850 Santia was made. The Board had reduced this assessment to \$200,000. The Board voted to lower her assessed value to \$390,000.

TROY MI 48098

Minutes:

Mr. Marogie appeared before the Board and indicated he purchased his house for \$445,000 with a home inspection credit of \$2,000. He told the Board his home was in poor condition and the architecture was not consistent with the neighborhood. The home was listed for \$700,000 prior to him buying it, and was reduced in price several times. When he purchased it, the listing was at \$475,000. The Board decided to send an Appraiser out, to inspect the many flaws he stated the home has. The Board voted to make their decision at the Study Session on 03/23/04. Based on the re-inspection of the home, and upon the confirmation of the poor condition of the home, the Board reduced the Assessed and Taxable Values to 1/2 of the purchase price, \$222,500.

Correspondence Appeals

Michigan law allows any taxpayer to appeal in writing to the local Board of Review. Written appeals are given the same scrutiny as in-person appeals. Many of them do not present any evidence of value and simply request a review by the Board. The Board votes on these appeals and the vote is recorded in the minutes. These petitioners are also allowed to appeal further to the Michigan Tax Tribunal if they are not satisfied with the Board's action. The Correspondence Appeals follow.

The petitioner did not supply any information to justify a reduction. The petitioner purchased the home in October of 2003, for \$470,000. The City's appraisal on the property is at \$379,617, and the Assessed Value is \$189,810, well below 1/2 of the purchase price. The petitioner is very upset with the fact the the Taxable Value uncapped \$64,160 because of the recent purchase. The Board voted for no change.

The legal description on the deed describes all of unit A-2, and an 11.5 * 14.5 portion of unit A-3, not all of A-3. Unit A-4, of this building sold for \$196,000 in June of 2003. Mr. Zanke is attempting to clear up the title work on this transaction. The partial unit (88-20-29-226-049, unit A-3) was only uncapped 17%, as this is the percentage of the total square feet the 11.5 * 14.5 section represents. There is no change at this time.

Poverty Exemptions

Poverty Exemptions are appeals for relief of a resident's tax burden for one year, based on a financial or medical hardship. Income and Asset guidelines are adopted each year by City Council. Each applicant must fill out a confidential affidavit detailing their eligibility. State law mandates that the Assessor and the Board of Review must agree on any exemption. There were nineteen exemptions applied for at this Board, covering twenty parcels. The Board's decisions follow.

Protection Appeals

Protection appeals are filed by an owner, or the owner's agent to protect the right to appeal to the Michigan Tax Tribunal. An appeal before the Tribunal is only granted if the Petitioner has appealed to the local Board of Review. These appeals present no data to support a change in assessment. These appeals are "Noted and Denied" by the Board. Recording them in the minutes of the Board insures the Petitioner of an appearance at the local Board, and the right to appeal to the Michigan Tax Tribunal, if they feel an adjustment in value can be substantiated. Those appeals follow this introduction.

Personal Property - Late filed returns

Personal Property returns that are not filed by February 20th are given an estimated assessment. Any return filed, or anyone making a corrected filing, before the close of the Board of Review, has the return calculated. The Board of Review accepts these assessments, subject to audit by the Assessing Department staff during the calendar year. The following record details the estimated assessments accepted by the Board of Review.
